

Health and Safety Objectives and Targets

KAB Seating has issued this statement to indicate our commitment to improving our Workplace Health and Safety performance.

These objectives have been created to;

- Promote and secure the health, safety and welfare of people at work
- Develop and implement safe systems of work
- Identify, reduce, eliminate and control hazards
- Meet, and where possible, exceed legal and industry safety standards
- Require the same standards from contractors, partners and suppliers
- Encourage consultation in addressing safety issues
- Conduct safety related training to foster employee awareness
- Have a proactive approach to injury management and return to work
- Systematically address deficiencies and deliver opportunities for improvement through the application of our safety management system

Targets:

- Achieve zero lost time injuries
- Achieve 100% training in safety requirements / tool box talks
